

# Allan Mullins Benefit Golf Day

A group of Allan's dearest friends have rallied together to honour Allan in the form of a benefit golf day. Allan Mullins is one of the most liked, loved and respected members of the SA wine trade. He is also known to many people in the international trade and as respected there too.

Due to a freak accident when he was 21, Allan has been a quadriplegic for most of his life. He was told he would not live past 40 and would never walk again. The doctors had not bargained on Allan Mullins! Not only was he walking within several months of his accident, we have now celebrated his 40<sup>th</sup> (a very winery and joyous affair) but indeed his 50<sup>th</sup> and his 60<sup>th</sup> birthdays and his marriage to the marvellous Therese.

He might have been one of life's casualties bemoaning his fate, but not he. He is always smiling, shows extreme courage and indeed continues to inspire all the people around him, with his courage dedication and determination to the cause of LIFE. The funds raised from this day will go towards Allan's medical bills.
