South Africa 6570

Dear Ingrid

I have as you are aware just arrived back into Perth following what has been a very well organized golfing tour of South Africa. Our group (16) all thoroughly enjoyed ourselves and this was no doubt largely due to the part that you played in the overall scheduling and negotiations with properties on our behalf.

You, as I mentioned when there were very quick to respond to any requests that we had in the planning and lead up to our arrival and nothing was too great to achieve. Your attention to detail meant that the job for me when there was made very easy.

We are anticipating doing a similar trip in 2011 with a couple of minor changes and I will be in contact with you shortly regarding this.

In the meantime thanks again and take care.

Regards

Mal King
Groups Co ordinator
